

We want our missing millions

This year Scotland's councils will receive an extra £11 million that we want them to spend on services and support for disabled children and young people.

Help for Scotland's Disabled Children (fSDC)
make that happen!

Dear

I am a supporter of for **Scotland's Disabled Children (fSDC)**. Since 2008, Scottish councils have received an extra £34m for disabled children but cannot tell us how they spent it. This year, I want council to spend its share of the money £..... on transforming disabled children's services. You can make a real difference to the lives of disabled children in your area by ensuring this money is earmarked in the relevant council budget.

Please support the Missing Millions campaign!
